

Candidate Statement

I am running for the DC Bar Board of Governors in order make the DC Bar a more integral part of your professional life through vibrant and interesting CLE, social and in-person networking, mentoring and leadership training. I don't have the answers, yet, but I know we have a deep and involved community as a foundation upon which to build and grow. Within our community, we have an incredible opportunity to teach the next generation of lawyers and improve ourselves and I hope to have a chance to explore this with DC Bar Staff and governance.
