

Statement of Adam Ross
Candidate for Steering Committee
Corporation, Finance & Securities Law Community

As a corporate finance attorney in DC for over 10 years, and with an active transactional practice, I would bring a robust set of experiences and perspectives to the Corporate, Finance and Securities Law Community. I enjoy meeting and collaborating with members of the DC Bar and would welcome the opportunity to take on this role within my area of practice. My goal in this position would be to foster an open and engaging environment for dialogue and connections in a dynamic area of the law.
